Shipping: For Canada Post parcel (delivery generally within 5 to 10 business days between major Canadian centres), please add 15% of your subtotal to the cost.
For Xpresspost (delivery in most areas within 2 business days) please add 30%.

Note: Delivery times are once the package is posted. It may take us up to 7 days to fill your order.

*PST in BC applies on all products in which CDs or CD-ROMs make up more than a small percentage of the value of an item. All Changeways Clinic products or sets that include CDs or CD-ROMs meet this definition. Add 7% PST to all of these items. Items that are just books, without CDs, are PST-exempt. Confusing? Pay by credit card and let us calculate your total for you. We will confirm the total for your approval before charging your card.
